## As to Party Lines—

Numerous tests have proved that five minutes are usually sufficient to complete an ordinary business or social transaction by telephone.

Courtesy in the use of a party line will enable all persons entitled to telephone service over it to receive their share.

Occasionally a conversation on a party line is interrupted by another patron. Please be courteous and receive his apology kindly. Do not retort with a "Get off the line" or a similar remark if your neighbor accidentally interrupts.

Nor is it a kind act to compel your neighbor to wait more than FIVE MINUTES while you hold the line unless your conversation is very important. Please remember he is entitled to an equal amount of service with you.

Telephone courtesy will enable your neighbor to complete his conversation sooner than if he is asked if he is "going to hold the line all day."

## As to Long Distance—

It's a real pleasure to sit in your home in the evening and talk with friends at distant points. Ask our Manager for EVENING and NIGHT rates. Under these rates TALK IS CHEAP!
